## Trace a Constellation

### Tools of the trade

Your eyes, nighttime, a finger

### Fun fact about these constellations

The Big Dipper is not actually a constellation. The seven stars in this arrangement make up a famous asterism instead, representing less than half of the whole constellation known as Ursa Major.

### Reward for challenge

Being able to impress someone on a date

# badge application

**STAR APPLICATION:** When you reflect upon the vastness of the universe, the work of OHuddle can feel daunting unless we put God in charge. Talk about ways we can add prayer and include God in our work and time together as a staff in the coming year.
