MENTORS

THANK YOU

Thank you so much for your consideration to volunteer with OHuddle. Students who are matched with a mentor are more likely to graduate, hold leadership positions, and volunteer in their community.

WHAT TO EXPECT

Thank you for attending this training to become a new mentor! This is the only training needed to launch you into service with your student. All other training will be sent to your email in 10 minute lessons to be completed weekly prior to working with your student.

Mentorship occurs for a half hour weekly during the school day and can be coordinated for a time of your preference M-F between 7:30am and 6pm

Mentorship typically begins 1-2 months after training once we receive your background check results from the school.
