## STUDENT PLEDGE

---

Students who commit to mentorship are asked to engage in a trial period of one month or 4 sessions.

After that time, they may choose whether to continue mentorship. Parents must provide written consent to begin mentorship.

## TRIAL PERIOD

I agree to participate in mentorship for at least 4 sessions.

Because my mentor is coming to school just for me, I will respect his / her time by meeting with them at the time we agree upon.
